JOINT COMMITTEE ON ATOMIC ENERGY

October 11, 1963

Assistant to the Secretary of
Defense (Atomic Energy)
Office of the Secretary of Defense
Washington, D. C. 20301

Dear Sir:

It has come to our attention through newspaper articles that Soviet espionage agents have approached U. S. Army personnel in West Germany in an effort to procure a U. S. nuclear weapon.

One of the newspaper stories stated that "... a Soviet agent bribed four American G.I.s to steal a U. S. Army atomic weapon. . . " "... the attempt was made by a Greek agent of the Soviet Union in Munich last year. "

The Joint Committee on Atomic Energy has not been informed regarding such an incident. We would appreciate an early reply furnishing the details of the investigations to date of the activities and incidents relating to this matter.

Sincerely yours,

John T. Conway
Executive Director
